# PANORAMIC MONTENEGRO TOUR

*The idea of this day trip is to provide the best photo-shooting opportunities, so these 6 hours do not prioritize spending time in towns or visiting churches but to enjoy panoramas and the beautiful wild nature of Montenegro.*

~6 hours

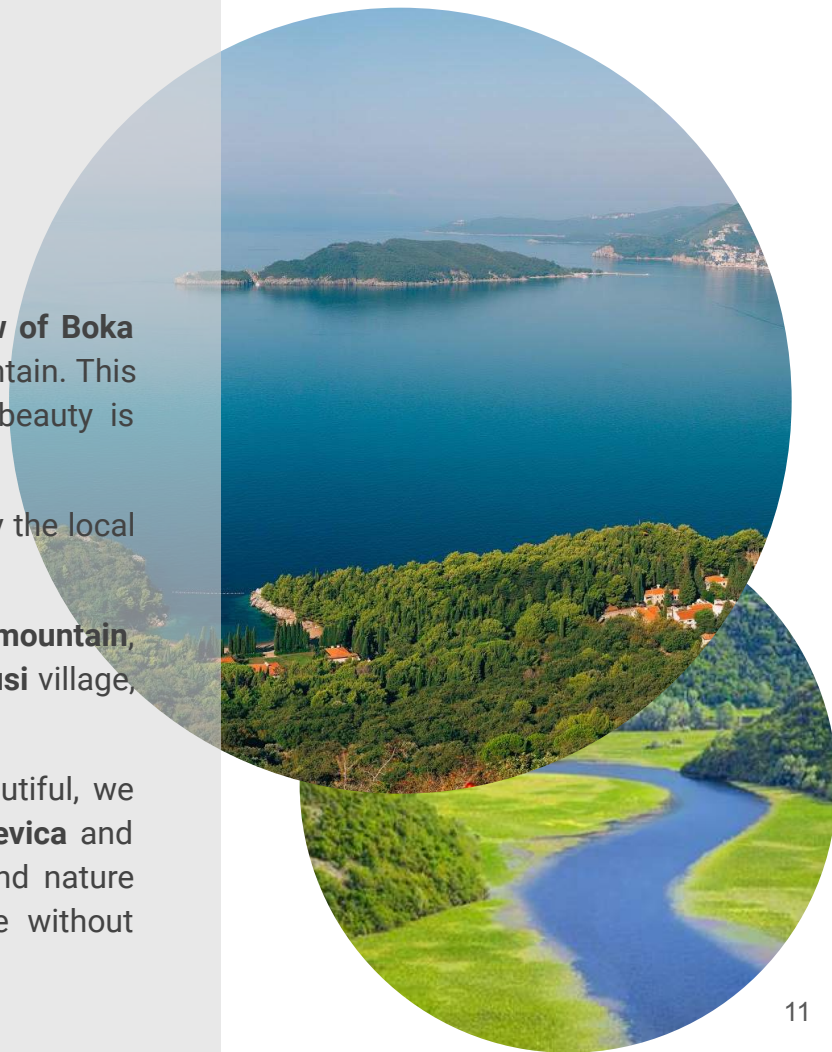

# PANORAMIC MONTENEGRO TOUR

The oldest road in Montenegro offers us a **view of Boka Bay** on a rocky area on the other side of the mountain. This will definitely leave everyone breathless. This beauty is indescribable by words.

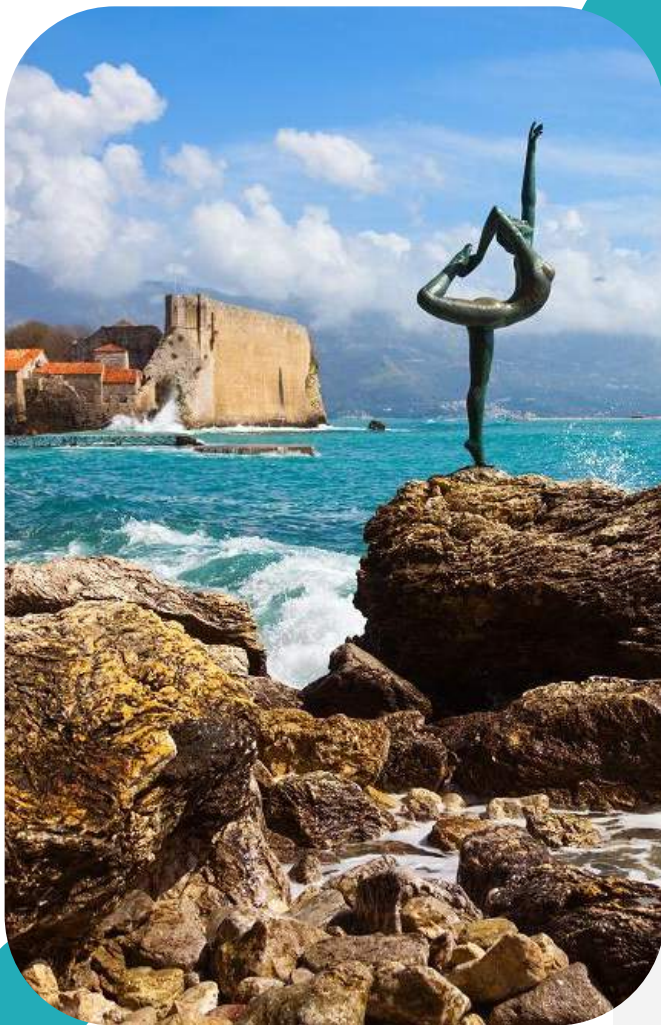

That is not all, this is the place where you can try the local **traditional cuisine** of the area.

On the other side of the slopes of the **Lovcen mountain**, we will enjoy the view of the rocky area, of **Njegusi** village, and **Cetinje** town.

Just when you thought it couldn't be more beautiful, we discover views from the old road to river **Crnojevica** and the area that will satisfy every photographer and nature lover and doesn't allow us to leave the place without unforgettable impressions.

# PANORAMIC MONTENEGRO TOUR

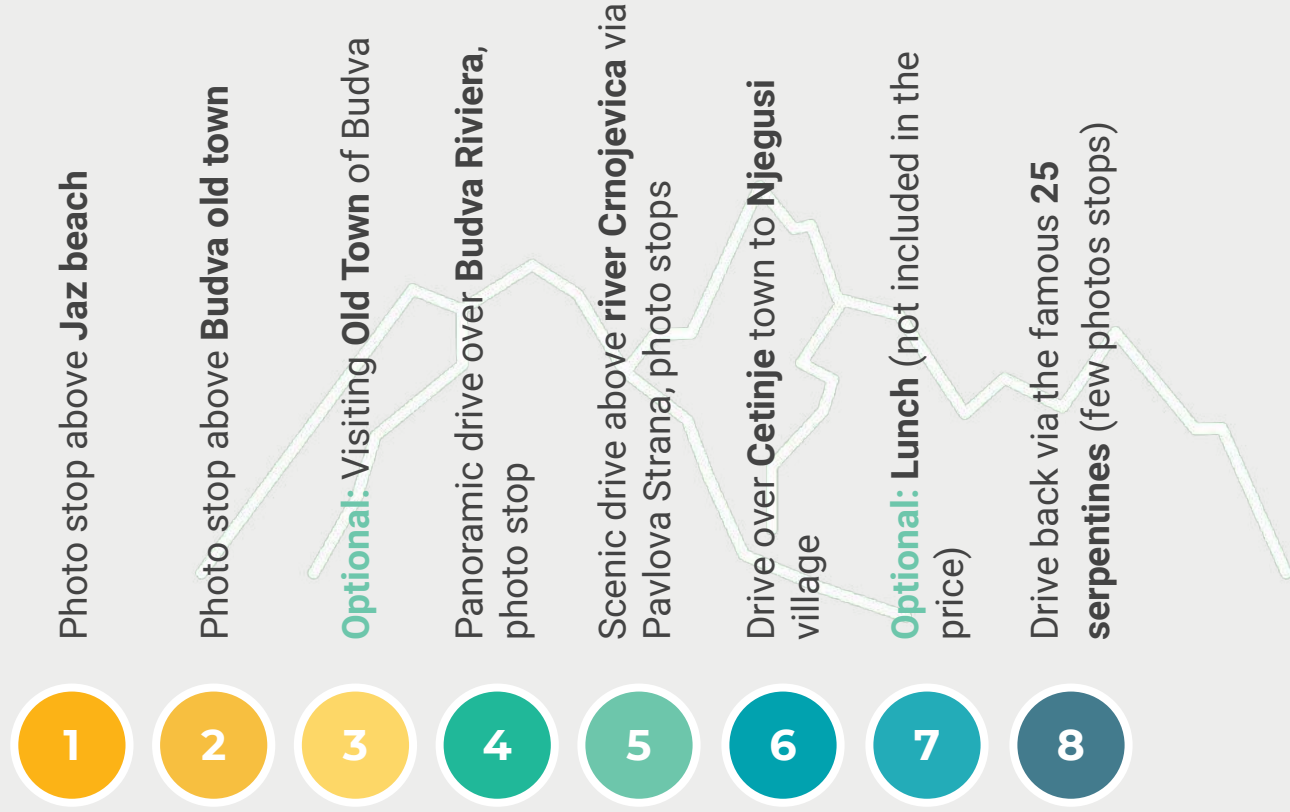

Beautiful views will accompany us to the next lookouts on our way back to the coast.

**Budva Riviera** with the **old town** of Budva in the center of events as the most important part of the coast is certainly a picturesque part of the coastline.

**Budva Old Town** is the center of nightlife in Montenegro so it is always popular for younger people even from the neighboring countries. We should definitely visit Budva Old Town if there is time left on your hands, but the decision will be yours.

After we pass the urban part of Budva, we'll be welcome by the popular **Jaz beach**, our last photo stop on the tour.

# BEST OF MONTENEGRO TOUR

*Our guests consider this trip to be the best in our offer, so that's the reason we named it this way. This is a great opportunity to feel old Montenegro and to taste the traditional food in the mountain close to the coastline and with a view of the beautiful Boka Bay...*

## *More about the tour:*

We start this tour with a scenic drive from **KOTOR** through **BUDVA RIVIERA** to **BUDVA'S OLD TOWN**.

The first photo stop will be above **JAZ BEACH**. The beach was once the venue of the concerts of the Rolling Stones and Madonna.

The first viewpoint of the tour is above the **JAZ BEACH** in **BUDVA RIVIERA**. The Riviera is the most beautiful part of the coast, so we will stay here for a while, visiting the old town of Budva and take a few shots of the island **SVETI STEFAN**.

Then, we go up the hill to the **old Royal Capital** of Montenegro from where the road leads us to the village of **NJEGUSI** and offers a chance to taste the local cuisine.

Via a famous road with its **25 serpentines**, we will enjoy the enchanting views of Boka Bay while heading back to the shore.

# BEST OF MONTENEGRO TOUR

**BUDVA** is one of the oldest towns on the Adriatic Sea. It is surrounded by ramparts originating from the XV century including a medieval fortification system with city gates, defense walls, and towers.

After the walking tour, we continue with the panoramic drive to **ST. STEPHAN** island where we will do a photo stop. Once this was home to fishermen, but today it's one of the most expensive resorts in the world visited even by Royal families.

Now, the road leads to the interior of Montenegro. From a gazebo from the village Brajici through which the road passes is a magnificent view of Budva and **BUDVA RIVIERA**.

**CETINJE**, the Old Royal Capital of Montenegro is known as the historical and cultural capital of the country. Because of the atmosphere and a lot of historical monuments, Cetinje is well known as a city of museums.

# BEST OF MONTENEGRO TOUR

**NJEGUSI** village, our next stop near Cetinje, is crucial for the history of Montenegro and strongly attached to **Cetinje** but today attracts visitors because of the traditional tasty cuisine of the area. This is a place you simply have to see, to experience, to taste.

From the village, the road constantly rises and reaches an altitude of **1000 m height** that provides fantastic views from this road to the "Bride of the Adriatic", **BOKA BAY**.

Each serpentine, and there are 25 of them, presents a spectacular view of the **Boka Kotorska Bay** that takes your breath away, all the way to the Old Town of **KOTOR**.

The **Old Town** of Kotor is a well-preserved medieval urban environment typical of the towns built in the **XII and XIV centuries**. A great number of historical monuments have made Kotor a **UNESCO-listed** "World Natural and Historical Heritage Site".

## ITINERARY

# KOTOR SHORE EXCURSION

*Although this is one of the shortest tours we offer, it will allow you to see the diversity of the Montenegrin coast in only 4 hours.*

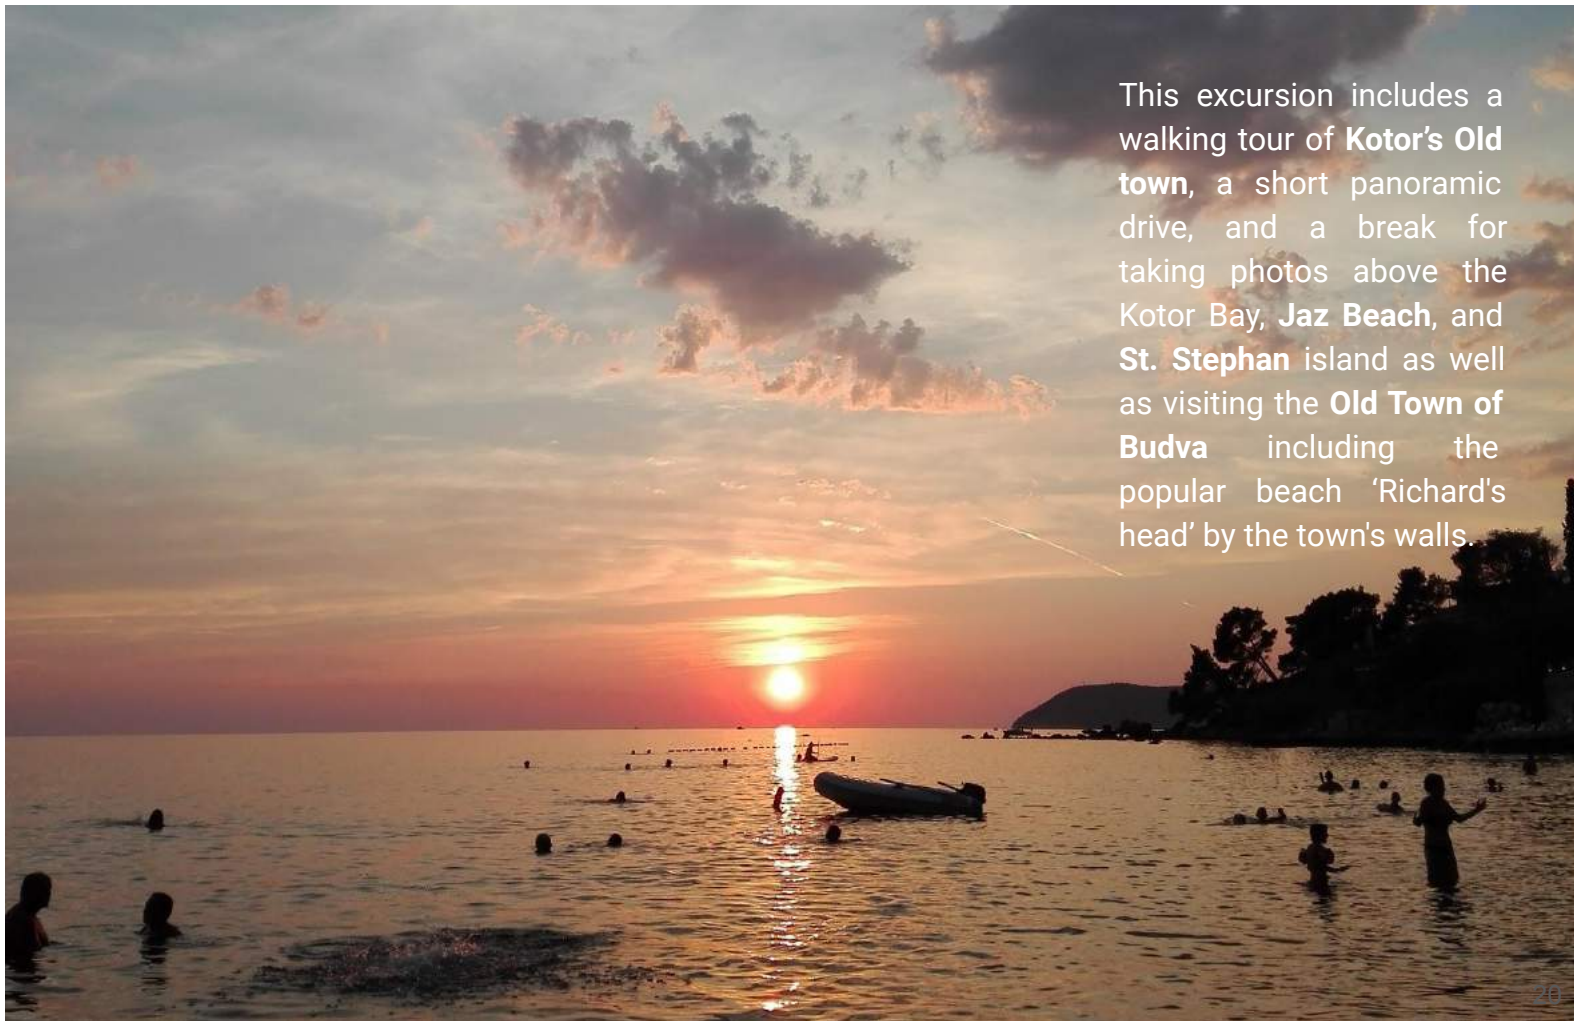

~4 hours

# KOTOR SHORE EXCURSION

This excursion includes a walking tour of **Kotor's Old town**, a short panoramic drive, and a break for taking photos above the Kotor Bay, **Jaz Beach**, and **St. Stephan** island as well as visiting the **Old Town of Budva** including the popular beach 'Richard's head' by the town's walls.

# KOTOR SHORE EXCURSION

## *More about the tour:*

After a brief introduction to our representative, we begin this day trip with twenty minutes drive from Kotor to the photo stop

above **Jaz beach** and visiting Budva Old town.

The **Old Town of Budva** lies on a little island that was linked to the land by a sandbar and in time turned into a peninsula. The Old

town (Stari Grad) is a living exhibition space that hosts several events in the atmosphere of the original streets and piazzas.

In addition to walking and

photographing, **Budva** is the ideal place to relax, to have a drink, and enjoy the popular beach by the town's walls.

# KOTOR SHORE EXCURSION

Our next stop is on a lookout above the island **Sveti Stefan** - a luxurious resort that once used to be a small fishing village, first mentioned in the middle of the **15th century**. You will love it.

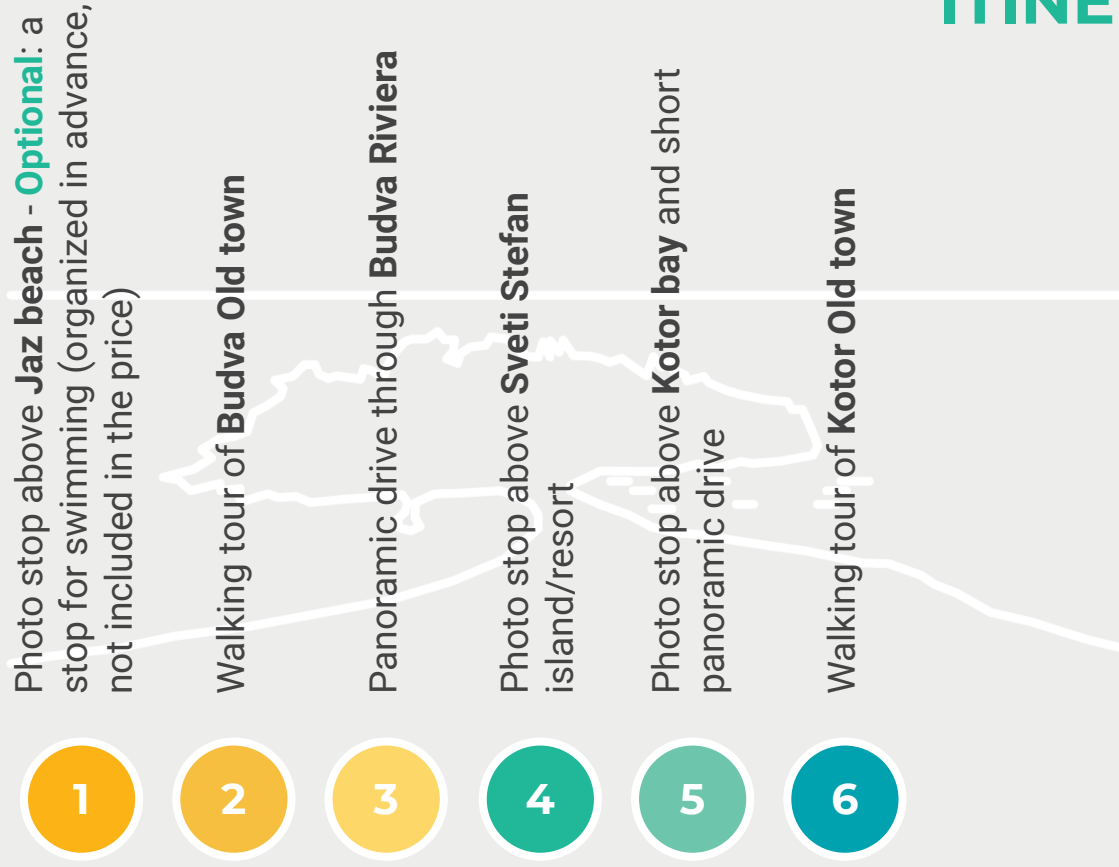

Before we reach **Kotor's Old Town**, the Trojica hill offers a breathtaking view of Kotor Bay and

guarantees that you will never forget your visit to Montenegro.

Kotor Old town is a medieval town well known as a maze town because of the intertwined streets and small squares that carry interesting names and stories throughout the town.

# KOTOR SHORE EXCURSION

## ITINERARY

# SKADAR LAKE - BUDVA RIVIERA

Explore **Skadar Lake** by boat, meet local people and taste homemade traditional products, wine and food, in the small family **winery**. See **Budva** old town and **St. Stephan** island and enjoy the panorama of **Budva Riviera** from one side and the lake from the other side of the hill.

~8 hours

# SKADAR LAKE - BUDVA RIVIERA

**BUDVA** is one of the oldest towns on the coast of the Adriatic Sea. It is surrounded by ramparts originating from the XV century including a medieval fortification system with city gates, defense walls, and towers.

The island **SVETI STEFAN** nearby is the biggest attraction of the *Budva Riviera*. The former fishing village situated on a peninsula became a luxurious *hotel-town* 50 years ago and since then is visited by Hollywood stars and Royal families.

# SKADAR LAKE - BUDVA RIVIERA

On the other side of the mountain, **Virpazar** is a small town on the shores of the **Skadar lake**, but once it was of strategic significance where the Turkish Occupation built a fortress above the city that also was used by other occupiers in WWI as a prison for the Montenegrin population.

Today this small town is the most popular tourist town in this region of the **National Park** and the place from where we start the lake boat cruising.

# SKADAR LAKE - BUDVA RIVIERA

**Lake Skadar** has been a protected **National Park** since 1983, and in 2011 was formally nominated for UNESCO heritage status.

The lake is a *birders*' paradise, with more than 260 different species including the rare Dalmatian pelican.

Here is also possible to organize a lot of activities such as hiking, kayaking, mountain biking, bird watching, fishing, and even more. All activities are available at your request.

# SKADAR LAKE - BUDVA RIVIERA

This is not all for today. Villages around the lake are famous for wineries used to produce the famous Montenegrin red **wine Vranac**, a product that Montenegrins are extremely proud of!

As well as wine, locals are proud of brandy and food specialties, which are mostly presented with the story of origin. That's why we have chosen the best **small family winery** for your special and unique experience.

After a short drive from **VIRPAZAR**, we will be welcome by our host and the winemaker with great knowledge about the region, food, wine, and brandy.

After the story of the village, there follows a story of wine and brandy in a modest family wine cellar there follows the tasting of wine, then snacks and brandy tasting are next on the tour's menu.

As much as you want the beautiful days to never end, the end must come. With us, the end comes with a beautiful view of **KOTOR BAY**.

# PERAST - OUR LADY OF THE ROCKS - KOTOR TOUR

*Pearls of Boka Bay, Perast and Kotor, in 4 hours guided tour including boat to the only artificial island into the Adriatic Sea and its museum and church Our Lady of the Rocks.*

~4 hours

# PERAST - OUR LADY OF THE ROCKS - KOTOR TOUR

This little town is situated at the foot of St. Elijah Hill, opposite the narrow Verige strait, where the innermost bays of Risan and Kotor converge.

This easternmost shore of Montenegro was the earliest inhabited area in the Boka-bay.

Right in front of the town, there are two beautiful islets: St. George and Our Lady of the Rocks, each with a picturesque chapel.

# PERAST - OUR LADY OF THE ROCKS - KOTOR TOUR

As the only artificial island in the Adriatic Sea, the island of **Our Lady of the Rocks** (Gospa od Skrpjela) is the star of this place. According to a legend, the island was made over the centuries by local sailors who kept an ancient oath after finding the icon of Madonna and Child on the reef in the sea in the 15th century.

In the near vicinity of the

Our Lady of the Rocks island which people ascended from the sea, lies **Saint George** Island (Sveti Djordje), the island of completely different nature and destiny. Surrounded by rocky walls and hidden by a high cypress canopy, this island seems to hide a secret and does not allow curious eyes to disturb its rather uncanny peace...

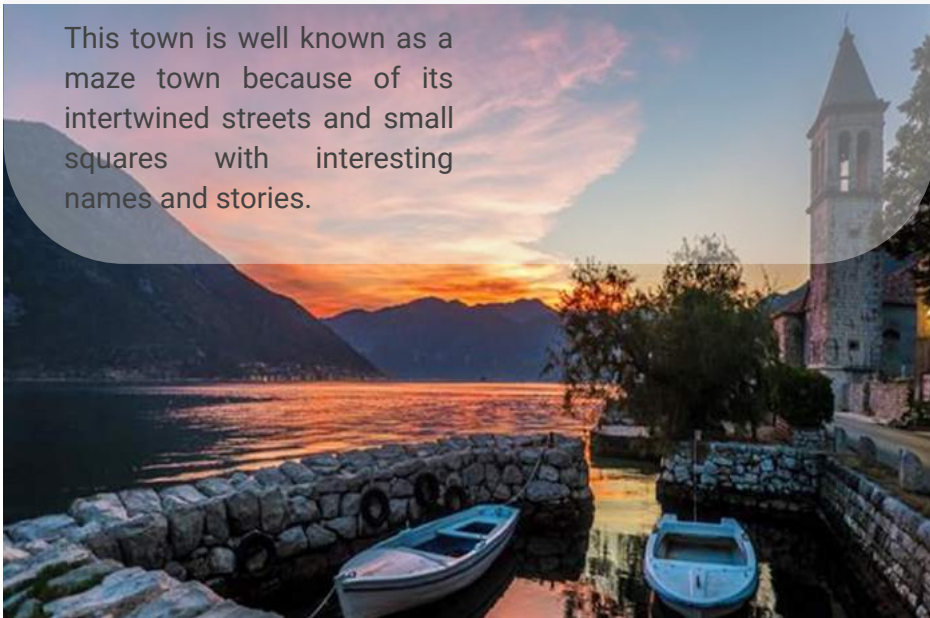

# PERAST - OUR LADY OF THE ROCKS - KOTOR TOUR

After visiting Perast town we go back to **KOTOR** to visit the old town of Kotor.

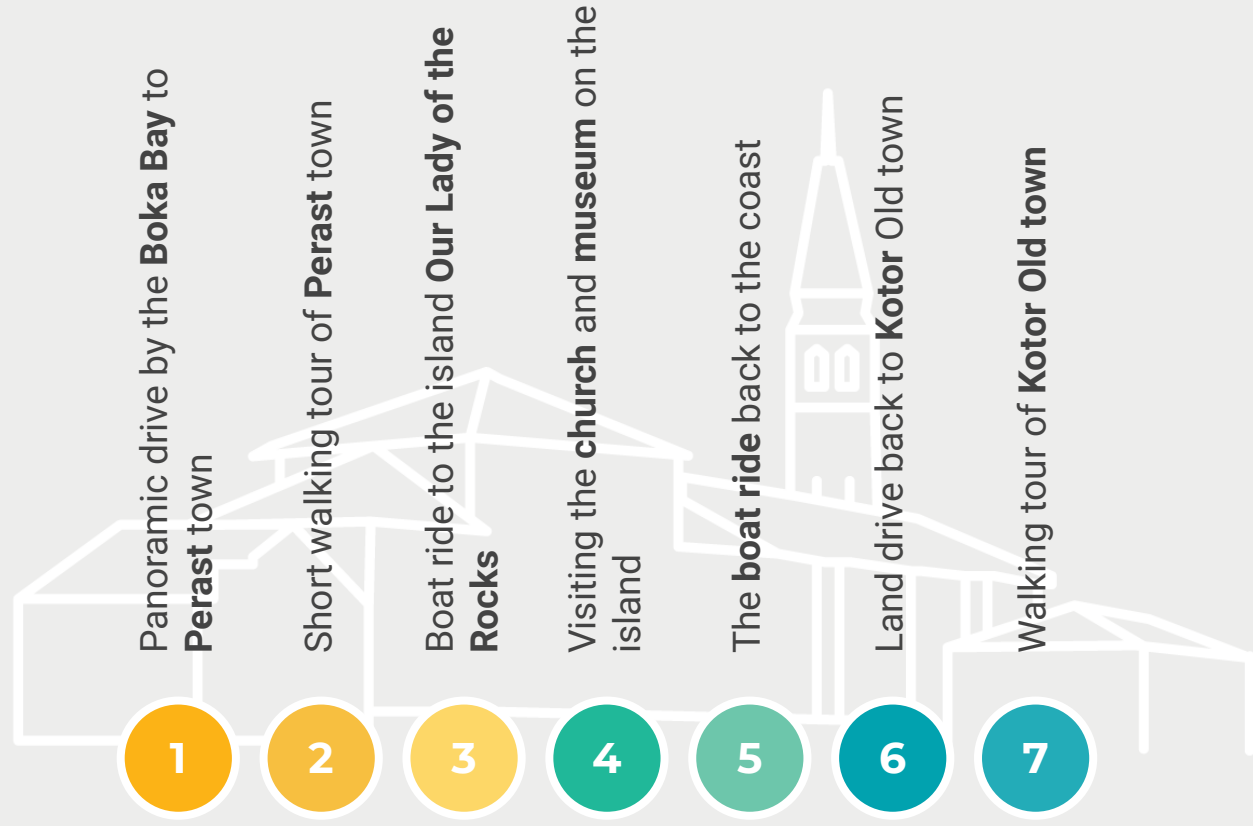

**KOTOR OLD TOWN** is a medieval town with a history dating from over 1000 years B.C.

Since 1979 the Old Town of Kotor is on *UNESCO's World Heritage* List which is another proof you will surely enjoy one of the most unique towns in the world.

This town is well known as a maze town because of its intertwined streets and small squares with interesting names and stories.

~6 hours

# KOTOR BAY SPEEDBOAT TOUR

This boat tour is taking us from Kotor to one of the most beautiful places in this part of the Mediterranean, a place called PERAST. It is situated between two lagoons intertwining which makes it the center of Boka bay.

But the main attraction in Perast is located across the town, on the sea: the islet called OUR LADY OF

THE ROCKS. This small piece of land with a church and museum is absolutely postcard material. Alongside stands an island of ST. GEORGE.

Our next stop offers once in a lifetime experience. Have you ever swam in the sea surrounded by huge rocks? We are taking you to the BLUE CAVE. Just one look at the color of the water and you will remember this experience forever.
