**Duration:** 2 days

*Wild nature is something we simply all need. The urban lifestyle doesn't leave us too much time to truly take care of ourselves. This is a tour for all of us who are seeking a refreshing experience for the body and the soul. This is our natural treatment that will definitely beat your last SPA visit.*

Here is what we have in mind.

# #1

Day 1 Day 2

This tour begins by moving away from the city center to the **Monastery Ostrog**. This is the sacred place all Montenegrins are proud of, no matter the religion. Visiting this place will bring peace to your mind and body.

## Day 1 Day 2

Believers from all over the world come here to pray for the health of their loved ones and that of their own, because this Monastery - curved into a stone wall of a mountain over a cliff - is like being at half way between earth and heaven.

From village to village, along the way with some beautiful natural and artificial lakes, we reach **Durmitor Mountain** and the town of **Žabljak**.

Apart from the fact that this is the highest settlement in the Balkans, this is “just” another small mountain town, but it’s more than that.

The location of the city, in the middle of **Durmitor National Park**, is what makes this city even more popular and special. Here we will sleep in some modern but traditional mountain cottages or in a hotel.

# #1

## Day 1 Day 2

The fresh mountain air, the hiking and the mountain food will certainly ensure a good sleep for you in this most popular mountain area.

The hiking will start from the most famous glacial lake Black Lake leading us at least to

one of the other 17 lakes in the national park. This hiking is easy to moderate.

The wild environment will definitely bring back some natural instinct into our lives.

# #1

Day 1 Day 2

Now you want more, right? More hiking, more nature, good food, and a little bit of adventure.

Then first let's wake up. We suggest the Zip Line over the **Tara River Canyon**, 150 meters above the water. Yes, this definitely will wake you up.

After the **Djurdjevica Tara bridge** and the ZipLine over the canyon, let's drive the old road above the canyon and visit **Biogradska Gora National Park**.

This is one of the last three virgin forests in Europe, and if we take a step further into the depths of the mountain, we will find the most beautiful emerald colors of the stunning **Biograd Lake**.

Day 1 **Day 2**

In the clear lake water all the beauty of the ancient forest is reflected, giving a turquoise color to the see-through water, especially in the northern part of the coast, which is also called the **Capricorn side**.

This scene will make sure that you want to be trapped in the harmony of nature here. Hiking is quite easy on this terrain.

**Morača monastery** is our next stop. Without at least one monastery on your visit in Montenegro, the mission wouldn't be complete. Monasteries are probably the most important constructions in Montenegro.

This particular monument is from the 13th century and it's a sacred place for Orthodox believers.

With a panoramic ride on the edge of the **Morača River Canyon**, you will experience one of the most dangerous roads in Europe. But don't worry, you are in good hands.

**Duration:** 3 days

Northern Montenegro is usually neglected in favor of the Adriatic Sea and the coastal area. But sometimes you need mountains, hiking, an activity with an adrenaline rush and some heavy food to awaken your natural instincts and prepare you for the next challenge in your urban life. This is exactly what this tour is about. Here is what we have in mind.

# #2

**Day 1**

Day 2

Day 3

The first day of the tour is reserved for **Ostrog Monastery** and the **National Park Durmitor**.

Visiting this monastery will bring peace to your mind and body. This is the sacred place all Montenegrins are proud of, no matter the religion.

Our first activity on Durmitor is a hiking tour from the **Black Lake** through the National Park led by your local guide.

After the tour it's time to recharge the batteries in one of the local restaurants that offer **traditional food** of the area like kacamak, cicvara and roasted meat. We are all looking forward to these meals so trust us, you will enjoy it too.

# #2

Day 1

Day 2

Day 3

In the evening we arrive in the highest situated settlement in the Balkans but also the center of the most beautiful national park in Montenegro, the town of **Zabljak**. We are sure you will agree with us on this being the right place to spend the night.

# #2

Day 1

**Day 2**

Day 3

We will start this day by driving across the **Durmitor Massif** on some truly breathtaking roads to arrive at the coast of the **Tara River Canyon**, where your **Rafting** adventure will begin.

The beauties of the canyon and of the crystal clear water are not easy to describe in words. A few hours on water then we are having lunch in the camp, and you will be ready to go back to **Žabljak**.

This second day can be tailor-made per your request. Our experts are happy to help.

# #2

Day 1

Day 2

Day 3

The third day starts with visiting a masterpiece of a bridge-building, the bridge **Đurđevića Tara**. It's not just about its beauties, it's more about its history, but let's leave something for your guide to tell you, right?

Anyway, you will catch the best view of the bridge during **ZipLine** from one side to another of the canyon, some 150 meters above the river water.

Ok, so now we are awake and ready for the next stop.

# #2

Day 1

Day 2

**Day 3**

The **Morača Monastery** was built in the 13th century. You will notice that this sacred place is surrounded like a medieval fortress hiding many legends and one completely unique way of life: the life of Orthodox monks filled with prayers, hopes and believes in good and God.

# #2

Day 1

Day 2

**Day 3**

The **Morača River** is considered as one of the symbols of Podgorica, and it is the biggest river that flows through the city. It is featured on some flags and country symbols. Our way back to the starting position is led right through the mountains, on the real edge of this canyon. This is the end of the tour.

Check your camera, it was pretty amazing, right?

Over the beach **Jaz**, the road leads us to **Kotor** old town. This medieval town with a history dating from over 1000 years B.C. is well known as a maze town because of the intertwined streets and the small squares with interesting names and stories throughout the town. Since 1979 Kotor's old town has been on UNESCO's World Heritage List which guarantees that you will really enjoy one of the unique towns in the world.

Per request, we can organize a half-day sailing tour instead of a speedboat tour for an extra cost of €140 per person (min. 4 people).

Before we give ourselves to the night life of the town and enjoy the beautiful lights along the old walls around Kotor, we will have some fun on the sea. You will enjoy a speedboat tour to the pearl of **Kotor Bay**, to the island **Our Lady of the Rocks**. Then we will head all the way to the **Blue Cave** for a swimming break and pleasure only the sea and sun can bring.

Day 5

On our way to **Durmitor National Park**, we will visit the **Monastery Ostrog**, the most sacred place of the country where all believers pray for the health of their beloved ones.

Durmitor is the largest National Park in Montenegro, declared as the National park in 1952, and since 1980 it's been on the **UNESCO list of the world's natural and cultural heritage**. From the **Black Lake** that is well known as the „mountain eyes of Montenegro“, we will do an easy to moderate hike to one of the katuns (small villages) or at least to one of the other 17 lakes in the park.

Our home for today will be in the highest inhabited place in the Balkans, the small town of Zabljak, in the heart of this national park.
